Interserve Contract for production at HM Prison Berwyn, UK**

CW is please to announce the signing of a tri-partite agreement with Interserve Investments Ltd. and the UK Ministry of Justice, for the establishment of a production workshop in HM Prison Berwyn, Wrexham. Production is scheduled to commence March 2018.

Interserve is a UK-based global facilities management group of 85,000 employees, and was mandated to oversee the set up of 6 workshops in the UK's newest prison, opened in early 2017. CW is working with Interserve to design a workshop facility for 60 inmates, to initially produce the WindLighting™ product – the off-grid, stand-alone LED lighting unit.

As part of this product launch, CW is now putting together a sales and marketing team, initially for the North-West UK, to work with HMP Berwyn and Interserve to build a regional business base.
