CITY WINDMILLS UPDATE – Listing on the Social Stock Exchange and the ISDX in London

Following the announcement of closure of the GXG Markets A/S, City Windmills Holdings PLC (“CW”) has applied for and been accepted to become a member of the Social Stock Exchange, based in the UK (socialstockexchange.com). The membership will become live once an Impact Assessment Study is completed by end of August.

The Social Stock Exchange, through its announced partnership with FCA-regulated Angels Den and its agreement subject to regulatory approvals with ISDX, will be able to offer both investors and companies the ability to access the impact investing space via a ‘**cradle to scale**’ model.

Simultaneously, CW is in the process of applying for a listing on the Growth Market Segment of the ICAP Securities & Derivatives Exchange (ISDX) (www.isdx.com). The ISDX Growth Market helps dynamic, small- and mid-cap companies from all industry sectors to achieve their ambitions. It is a proven source of equity finance for companies coming to a public market for the first time, as well as being an established venue for existing issuers to raise further funds. It provides wide exposure for companies within a marketplace dedicated to growth companies.

CW has also started the placement of debentures, closing a first tranche of US\$ 6% 5-year debentures in raising US\$ 200,000.

In partial lieu of management compensation for 2Q2015, the directors and management received shares priced at Euro 3.00 per share. The issued share capital of the company is now 1,633,077 shares.

For further information, please contact the company on info@city-windmills.com
