## **CITY WINDMILLS HOLDINGS PLC. – Euronext listing**

CW Directors have appointed Aspen Agency Ltd. to advise it on a listing for the Euronext Exchange, at the entry level Marche Libre.

Formerly listed on the GXG Main Quote, after the GXG was closed by regulators in August 2015, CW initially considered and commenced an ISDX listing process, and indeed delivered Group audited accounts early February as part of rapidly completing the process. However, given the seemingly slow process encountered by CW, the management has decided to concentrate on core business and simultaneously seek a broader European listing.

Euronext is one of the largest exchange networks in the world, with access to a global pool of institutional and retail investors. Listed companies are subject to a number of rules decreed by the European Union that are applicable to all regulated markets in the EU. Euronext is structured and operated in a centralized market environment for all listed companies, enhancing financial transparency. This harmonized environment ensures the highest standards of financial reporting and accounting are practiced, to the benefit of a large base of international investors.

Euronext NV is a European stock exchange seated in Amsterdam, Brussels, London, Lisbon and Paris. In addition to cash and derivatives markets, the Euronext group provides listing market data, market solutions, custody and settlement services. Its total product offering includes equities, exchange-traded funds, warrants and certificates, bonds, derivatives, commodities and indices.

As of the first quarter of 2014, Euronext was the largest in continental Europe with 1,300 issuers representing a €2.6tn market cap.
